

Figure 2 is a schematic diagram of a terminal screen 700. The screen displays a header area 730 at the top left with the text "CONSULTATION OF ○○". Below the header is a large rectangular area labeled "DISPLAYED DATA LIST". To the right of the data list, there is a vertical stack of controls. At the top of this stack is a box 720 containing the text "BANK OF ○○". Below box 720 is a box 710 containing the text "CLERK CALL". Below box 710 is a scrollable area with a list box and up/down arrow buttons. At the bottom right of the screen are three buttons: "EXTEND", "RETURN", and "END".

Figure 27 is a schematic diagram of a computer screen showing a consultation interface. The screen is divided into several sections:

- 740**: A title bar at the top left containing the text "CONSULTATION OF ○○".
- 730**: A large rectangular area below the title bar, labeled "LIST OF CONNECTABLE EXPERT CLERKS".
- 720**: A smaller box to the right of the main list area, labeled "BANK OF ○○".
- 750**: A table located below the "BANK OF ○○" box. The table has three columns labeled "AREA", "STATION", and "EXPERT CLERK". It contains 6 rows of data. To the right of the table are navigation controls: an upward arrow, a small rectangular input field, and a downward arrow.
- Buttons**: At the bottom right of the screen, there are three buttons labeled "EXTEND", "RETURN", and "END".
